THE GRAND HOTEL

TAIPEI, TAIWAN
REPUBLIC OF CHINA

May 6, 1979. We spent some days in Kyoto and are now mixing science with tourism in Taiwan. It is my first trip after the two sojourns in the surgical wards of Stanford Medical Center and I seem to be in good shape. We plan to be back to Stanford on the 15th and in the middle of June we will go through New York. We hope to see you then! All the best, Lucia & Alba, Shirley & Marc Feldman
